17 **RELATED CASE ORDER**

18 **MATTHEW DEWAN,**

19 Plaintiff,

20 **v.**

21 **M-I, L.L.C., et al.,**

22 Defendants.

23 Review of the above-captioned actions reveal that the actions involve the same or
similar parties, properties, claims, events and/or questions of fact or law.

24 An order relating cases under this Court's Local Rule 123 merely provides notice
on the Court's docket that the matters are related, and assigns the cases to the same
district judge; no consolidation of cases is effected. In this case, reassignment of judges
is not necessary as the matters are already assigned to the same district court and
magistrate judges.

1 For good cause, this Court ORDERS that the above-captioned actions are
2 related. The Clerk of Court is directed to provide notice on the electronic court docket
3 that the matters are related.

4
5 IT IS SO ORDERED.
